NDIS AUDITOR FEEDBACK

Empress Support Services will make sure my son is ok even after hours and off the clock

They are Fantastic. They go above and beyond in every way. We love how new SW are introduced slowly and my son has an input into who his SW are.

Empress Support Services and their team are terrific at de-escalating his behaviours. They have a wonderful relationship with my son, and he is so much more motivated now. They are getting him back into loving footy (AFL) again, which is fantastic.

It's great how they keep us (family) involved and up to date on all his cares and include us in the decision making
